DETAILED ACTION

The following action is in response to the amendment filed for application 09/669,443 on April 5, 2004.

Election/Restrictions

This application is in condition for allowance except for the presence of claims 5, and 13-17 directed to a species non-elected without traverse. Accordingly, claims 5, and 13-17 been cancelled.

Drawings

New corrected drawings in compliance with 37 CFR 1.121(d) are required in this application because the original filed drawings are clearly informal. Applicant is advised to employ the services of a competent patent draftsman outside the Office, as the U.S. Patent and Trademark Office no longer prepares new drawings. The corrected drawings are required in reply to the Office action to avoid abandonment of the application. The requirement for corrected drawings will not be held in abeyance.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 5, and 13-17 have been canceled.

Allowable Subject Matter

Claims 1-2, 7-12, and 18-19 allowed.

The following is an examiner's statement of reasons for allowance: the prior art of record fails to show or render obvious the method for controlling a powertrain as claimed, and particularly including adjusting an engine operating parameter to maintain a positive powertrain output torque based on whether an actual vehicle trajectory is below a desired vehicle speed deceleration trajectory, wherein the engine is coupled to a transmission via a torque converter, wherein the positive powertrain output is maintained by maintaining a torque converter input speed greater than torque converter output speed, and including the remaining controls and structure of claim 1. The present invention also particularly includes the positive power train being maintained via the unlocking of a the torque converter during an actual vehicle trajectory below the desired vehicle speed deceleration trajectory, and including the remaining controls and structures of claims 11 and 18, respectively

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Roger L Pang whose telephone number is 703-305-0445. The examiner can normally be reached on 5:30am to 4:00pm.
